

Certified Information Security Manager (CISA®)

Course Outline

This course will assist in the preparation for the challenging, but rewarding, CISA® examination. The course will address specific topics covered in the examination to ensure each attendee has a thorough understanding of the core concepts and issues that an Information Systems Auditor and CISA® examination candidate must be familiar with.

This course will provide a solid understanding of the field of Information Security Management, with emphasis on risk mitigation, incident handling, business continuity, and effective program management.

Course Content

The CISA® course is based on the topics outlined in the ISACA® Candidate's Guide to the CISA® examination and certification, available from the ISACA® website (at <http://www.isaca.org>).

This course follows the examination outline and is divided into six content domains:

- The IS Audit Process (10% of exam)
- IT Governance (15% of exam)
- Systems and Infrastructure Life Cycle Management (16% of exam)
- IT Service Delivery and Support (14% of exam)
- Protection of Information Assets (31% of exam)
- Business Continuity and Disaster Recovery (14% of exam)

In each domain, the various tasks and knowledge statements that a CISA® candidate should understand will be addressed.

The course delivery will include case studies, sample exam questions, and class discussion. There will also be several sets of practice exams available to reference.

Who Should Attend?

This course has proved to be valuable for both new and experienced IT auditors that want to enhance their skills and broaden their knowledge. In addition, the course is also valuable for Information Security, Physical Security, and Program Management staff, as well as business analysts, chief information officers, system architects, and engineers.

How to Register?

Contact Tracy Harvey-Funk at Seccuris Education by telephone: 1 (866) 644-8442 ext 238 or by email: tharvey-funk@seccuris.com

Please note, as ISACA® administers exam registrations, a candidate desiring to sit for the examination must also register with ISACA® directly (at <http://www.isaca.org>).
